Cafph

Centre for all families positive health

Are you affected by HIV/ AIDS?

Cafph's mission statement

We recognise that HIV/AIDs does not take away a person's life experience, skills, passions, values, belief or attitude.

We will treat everyone with respect, compassion and understanding.

We will respect everybody's way of life, culture and value.

C.A.F.P.H. will support the whole family and not just the person living with HIV/AIDs.

We will endeavour to involve the peers at all levels of service development and decision making.

C.A.F.P.H. aims to enhance the skills of people living with HIV/AIDs so that they are supported to live a fuller life and to be involved in all levels of civil society.

We offer:

- Support for carers and people affected by HIV/AIDs.
- Independent living skills
- Emotional support
- Treatment support
- Reminder service through text or phone call for consistent drug adherence
- Pill boxes
- Medicine diaries
- Treatment information and advocacy
- Signposting and referrals to other valuable service providers
- Support with education, training and employment
- Volunteering opportunities
- Condom demonstration workshops and condom distribution
- Complimentary therapies
- Training and information workshops
- Advocacy
- Health promotion

HIV/AIDs drugs prolong life and allow people to live a normal, enjoyable and productive life.
