## About The Service

The focus of this project is to increase educational attainment of African Caribbean students and engage parents in the educational processes.

- \*Increase attendance of pupils at risk of exclusion.
- \*Promote the benefits of education to pupils and parents
- \*Increase attendance of parents at Parents Evenings
- \*Encourage parents to participate in their child's education by becoming members of Parent Teacher Associations, School Governors and classroom assistants where possible.
- \*Encourage parents to be involved in consultation processes and encourage them to understand/discuss and contribute to decisions being made in respect of their child (ren)
