BE A VOLUNTEER  
MENTOR

Are you highly motivated and enthusiastic? Able to deliver dynamic and effective work with students? Have a flexible approach to delivery styles and be able to build positive relationships with young people based on mutual trust and respect. YOU could make a difference to students age 13 to 18 years in Education

Centres in Bedford. Training, Support and Supervision will be provided.

The project takes a holistic view of students and identifies with them the areas they need to improve on to enable them to reach their full potential in school. We work with students to identify strategies that they can put in place themselves and allow them to have a sounding board, for any issues they need to off load.
